Additional informationMay contain **SOYA**.

Due to the nature of our production process, shade of colour in products in each production batch can slight differ. Appearance of product's abrasions and local tints is the result of production process.

Due to the natural deviation in raw materials and moulding technology printing might be slightly postponed. The spots are natural for decoration produced in the blisters. This effect is caused due to chocolate crystallization and appears on large and smooth chocolate surface. Store in a dry place. Storing in a humid place may cause damage the printing on the chocolate decorations.
